

Royce Rolls Ringer Company

100% Stainless Steel Merchandise

INSTRUCTIONS for *Snap-Type Mirrors*

1) Use a fine screwdriver or butter knife to disassemble frame from the backplate.

2) Mount backplate to the wall using screw holes closet to the roll formed edge. Recheck to make sure the plate is level.

3) Position mirror on the bottom edge of the backplate with mirror resting on the roll formed flange and hold in place. Make sure the mirror is firmly in the frame.

4) Starting at the bottom of the frame, place the frame over the edge of the backplate. Start to snap the frame onto the backplate working towards the corners and then continue up the sides and across the top until the frame entirely snaps in place.
