#S-SYSTEM
## Installation

Step 3

Locate fasteners on lower panel. Loosen nylon hex nuts and slide bin into position. Simply tighten the assembly as desired. (SEE ILLUSTRATION B)
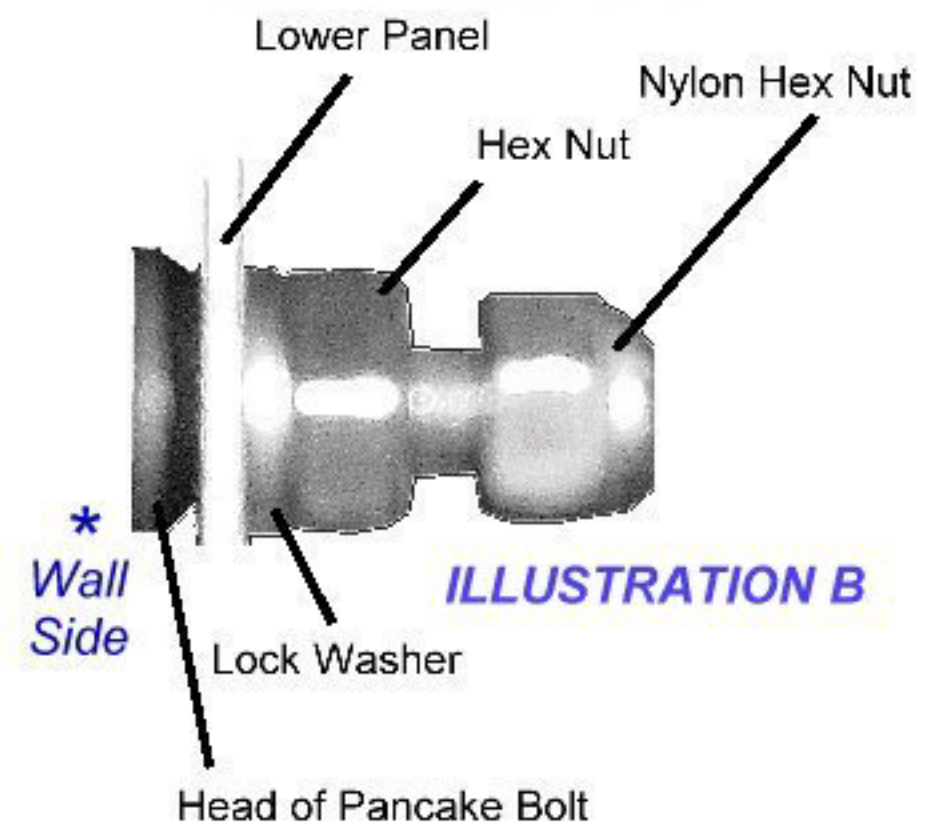

16"wide

* *For flush setup it is neccessary to chisel wall where pancake bolts make contact.*

23"

Step1

Locate the lower panel which has 2 holes near the top of the panel. Attach fasteners as pictured in illustration B. Mount panel flush to wall using anchors fasteners or adhesive.
